About

Hi, I am Sanjeev Sah, a passionate Web Developer with a strong foundation in modern front-end technologies like React, Next JS, Typescript and Tailwind CSS. I am a fast learner. I have strong curiosity for emerging development trends and best practices. I am also passionate towards problem-solving and enjoy tackling Leetcode problems.

Committed to continuous growth, I am currently expanding my knowledge in backend technologies including Express JS, MongoDB, and Node JS.

Key Strengths: Writing clean, maintainable, and robust code; fast learning; attention to detail; and effective communication.
